

National Safety Month

See how we are transforming access to safety information.

QModo AI Safety Module

At QModo AI, the safety of your teams is our top priority. Our objective is to provide teams with preventative safety training, essential information, and proactive workflows that can be accessed anywhere in the field, at any time they need it.

Efficient

No more struggling with searching through safety binders, reports, and papers or the challenges of finding safety personnel on-site. QModo AI offers a fast and efficient solution. With just a few clicks, teams can access safety information and training on their mobile devices.

Innovative

Our solution is designed for all team members, from technicians to safety officers. Powered by AI, it delivers safety information directly to your team's fingertips. QModo AI simplifies safety processes, making safety management easily accessible and manageable for your teams.

User-Friendly

Simplify your safety management process with QModo AI. Our user-friendly platform makes it easy for facility teams to access safety documents, conduct safety inspections, and report incidents. This fosters a safety culture where everyone is empowered to prioritize safety.

Celebrating National Safety Month

In honor of National Safety Month, let's explore how QModo AI can improve each aspect of the weekly focuses established by the National Safety Council.

We can facilitate each initiative by providing your teams with vital information to work with confidence and safety.

Week 1

Safety Engagement

Introduce a safety synergy tool that not only brings safety to the forefront but also establishes it as a core culture, allowing teams to work safer.

Week 2

Roadway Safety

Provide drivers with quick, easy, and digestible fleet inspections to equip them with the knowledge and skills required for safe and responsible driving.

Week 3

Risk Reduction

Utilize a unified platform to standardize and simplify risk management, ensuring safe working conditions and compliance with legal standards.

Safety Notes 

Training 

Troubleshooting 

Week 4

Slips, Trips, and Falls

Transform your teams' experience with a mobile platform that houses preventive training, safety tips, and risk assessments in an easy-to-understand format.

Limitless possibilities, regardless of your industry.

QModo AI's safety module can be used for a wide range of use cases in multiple industries.
